**ASKED
QUESTIONS**

01

Will you be able to deliver consistent results?

We have a team of designers and QC staff assigned to each project. If you're happy with our work, we can set up a dedicated team for future projects to maintain quality and timely delivery. Our QC team will also review everything before delivery.

02

How fast is your turn-around time?

We can process up to 50+ videos/ day and are available to communicate on any time zone when required.

03

What if I am not satisfied with your quality?

We offer unlimited rounds of revisions to ensure you're satisfied with the final product.

04

Is your data safe?

We have a robust cybersecurity platform that includes compliance with ISO/IEC 27001:2022 and HIPAA standards.

No.	Video Type	Purpose	Editing Focus & Techniques	Pricing Start From (USD)
1	Property Tour Video	Showcase the property's exterior, surroundings, neighborhood, and location.	Aerial transitions, panoramic drone shots, GPS overlays, upbeat/dynamic music, text overlays for neighborhood highlights, smooth camera movements, vibrant color grading.	\$32
2	Drone Footage Video	Highlight the property's exterior, surroundings, and location from above.	Wide-angle drone shots, seamless transitions, GPS effects, dramatic music, visual markers for lot lines/landmarks, and stabilization for smooth footage.	\$64
3	Time-Lapse Video	Show construction progress or lighting changes throughout the day.	Speed ramping, date/time overlays, dramatic music, storytelling pacing, motion blur for transitions, and contrast adjustments for day-to-night sequences.	\$48
4	Testimonial Video	Feature happy clients and introduce the agent to build trust and credibility.	Sync interviews, add subtitles, light background music, emotion-driven pacing, professional lighting, clear audio, and polished visuals.	\$40
5	Virtual Staging Video	Show how an empty property could look when furnished.	3D rendering, motion tracking, realistic lighting, compositing, furniture placement animations, and virtual walkthrough effects.	Based on detail requirement
6	Before-and-After Renovation Video	Showcase property improvements or renovations.	Split-screen effects, smooth transitions, upbeat music, text overlays to highlight changes, and color grading to emphasize transformations.	\$24

Security Policy Overview

SECURITY AWARENESS TRAINING

01

Ensures employees are educated on threats and best practices.

PASSWORD POLICY

02

Ensures authentication practices to protect user credentials.

REMOTE WORK POLICY

03

Maintain secure access to company systems for remote works.

AUDITING POLICY

04

Tracks system usage and identifies anomalies.

ACCEPTABLE USE POLICY

05

ensures employees follow rules for using company resources.

PHYSICAL SECURITY POLICY

06

Safeguards facilities and equipment from unauthorized access.

ACCESS CONTROL POLICY

07

Regulates access limited based on roles and responsibilities.

INCIDENT RESPONSE POLICY

08

Defines proper actions are taken quickly during a breach.

IT Security System Network

Innovature Studio's IT Security System ensures robust network security through a multi-layered design. With dual ISPs for redundancy, internet traffic passes through a central firewall that provides protection via:

anti-DDoS

anti-virus

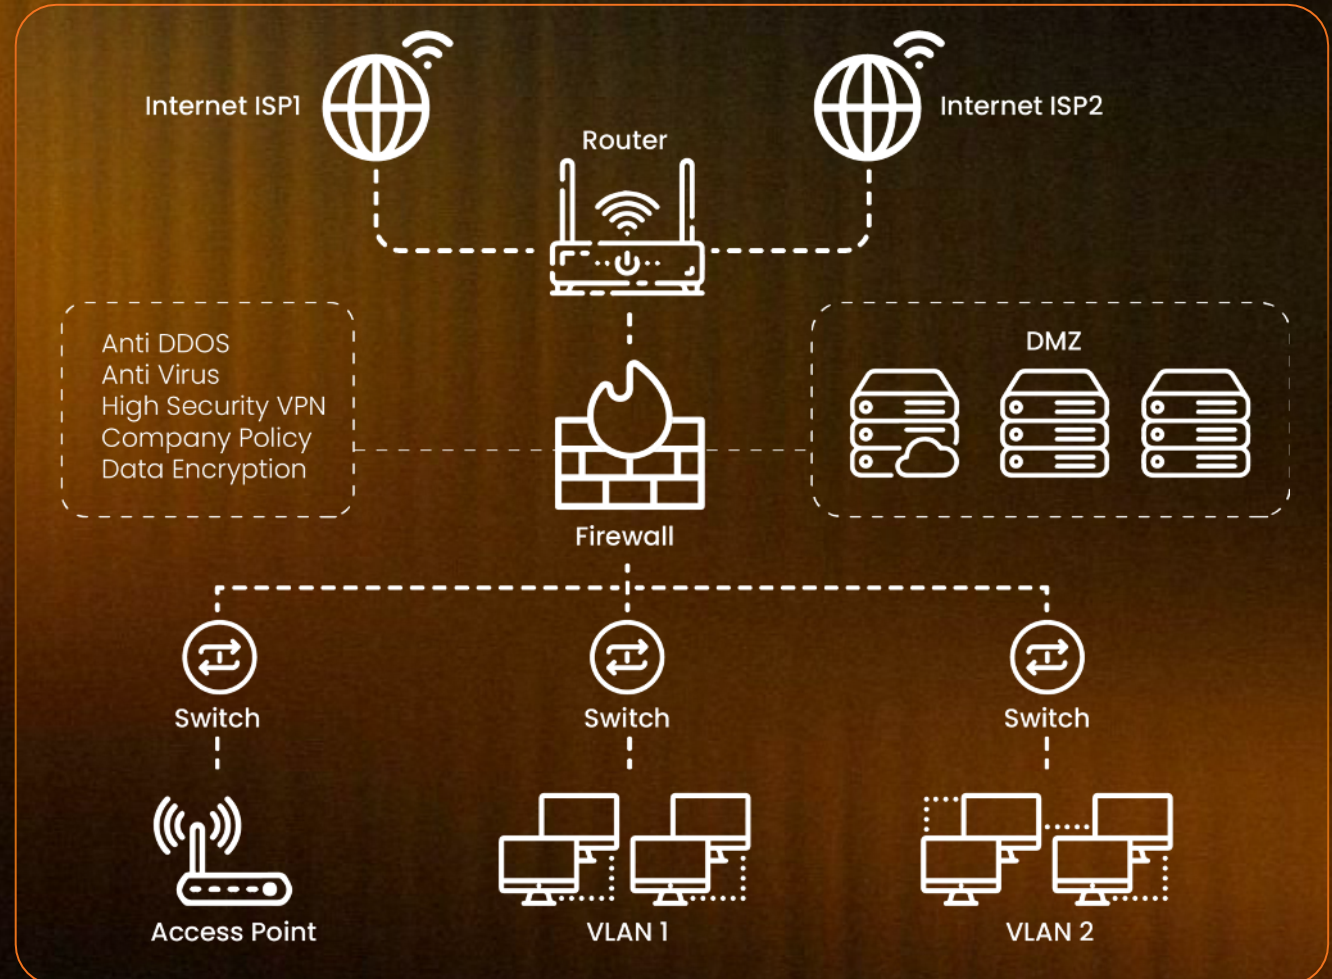

data policy

VPN encryption

secure transmission

A DMZ hosts public-facing servers while isolating them from the internal network, adding an extra layer of defense. Internally, network traffic is segmented through switches and VLANs, separating departments and limiting access risks.

Wireless access is controlled via dedicated access points, ensuring secure connectivity. This setup keeps data encrypted, reduces internal threats, and maintains business continuity through smart, secure routing.

Achievement Highlights

ISO 27001 CERTIFIED

Information Security Policy

100%

Compliant with current Customer's IT Security Requirements

100%

Key Systems uptime

0

significant security-related incidents affecting corporate operations or other parties

We will always strive to innovate and upgrade our infrastructure to keep our systems most secured following international standards and customer requirements.
